

## Hub Local – Box Hill discounted parking

Short-term metered street parking is available on Carrington Road and nearby streets.

However, for discounted all-day parking at \$10, you must park at the designated Wilson car park.

### Wilson parking directions:

1. There are two Wilson car parks. The entry to the **discounted** Wilson car park is via Carrington Road. Please note that Carrington Road is one-way and can NOT be accessed via Station Street.
2. From the Thurston Street and Carrington Road roundabout/intersection, travel along Carrington Road, past the first Wilson car park (downward ramp), until you see a **second Wilson car park** (upward ramp on your left). Go up the ramp and press the ticket button to generate a parking ticket.
3. You may park in any of the car spaces to your immediate left on the rooftop after obtaining your ticket, or you can turn right to access additional parking.

### How to get your discount:

1. Before you leave Hub Local, please see one of our team at the Welcome Desk who will provide you with a \$10 follow-on ticket.
2. Before heading back to your vehicle, you need to pay for your parking at one of the parking payment machines located inside the shopping centre. Insert the first ticket you received when you entered the car park, followed by the \$10 follow-on ticket issued by Hub to receive the discounted parking fee.
3. Once you have paid for your parking, you will receive your original entry ticket back from the payment machine, which you will need to insert at the exit gate.

**Notes:** If you experience any issues, push the help call button for assistance at any entry/exit /APM machines.
